

ADMISSION IN TAKE

Institut Pariwisata Tedja Indonesia
2025/2026

*Bridging local wisdom with the International standard Tourism Institute
to meet high quality education and hands-on learning experiences.*

Welcome to IPTI!

IPTI prepares students for global careers through an international standard curriculum and advanced facilities. Through collaborative learning, students engage in a project based curriculum that connects three majors on case studies. Students thrive in an English speaking environment that enhances collaboration between local and international students. Supported by global industry partnerships, students gain high quality education and hands-on learning experiences. All these experiences ensure our graduates are well prepared to meet the demands of the professional world and excel their careers.

Study Program **Digital Business (S1)**

Prepare your career in digital tech-based business! You will gain expertise in developing and managing digital technology business in the hospitality and tourism sector while embracing Smart Tourism through AI, Big Data, and Data Science to prepare yourself as a digital business graduate who will work in national and international companies.

Study Program
Public Relations Hospitality & Tourism (S1)

Master the art of communication by building and maintaining a positive image reputation of a product, individual, organization, and companies. You will learn how to put a theory into practice. PR Hospitality & Tourism produce a competence in media handling & production, corporate communications, and digital marketing in hospitality and tourism sectors.

Study Program
Tourism (S1)

Explore the world through tourism. Learn about diverse cultures, digital marketing in tourism, and tourism event design while gaining expertise in ecotourism and sustainable tourism. This program equips you to plan international-scale destinations that integrate environmental, economic, social, and cultural sustainability under global standards.
